

Outline of costs

Consultations – 1 hour free (travelling expenses may apply outside of the M25)

The garden designer will walk through your garden and spend time discussing what you need and want from your garden. You will have the opportunity to look at garden styles and themes and complete a questionnaire about you and your garden.

Concept plan

This service includes making an initial garden survey so our designer can begin to create your garden. You will then receive an A3 scale plan of a proposed layout for your garden, a list of recommended plants and a mood board; the design is based on the information given during the consultation process and by completing the garden questionnaire.

£325* for a 2D drawing of the proposed garden

£425* for a 3D drawing of the proposed garden

* (£25 discount if booked at the time of the consultation)

Planting plans are available on request and charged at £25 /m² of

Construction costs

These are estimated separately and specifically for each project. Costs vary hugely depending on the size of the garden, methods of construction and materials chosen. We recommend you have a budget that we can design to
